INTERNSHIP INTERIOR DESIGN

Duration: 6 months, 4 minimum
Start: February
Office: Amsterdam
Language: Dutch and English

Who are you?

We are looking for a curious intern Interior Design (3D).
You are a talented creative thinker with an eye for detail.
You are able to work independently and are inquisitive and pro-active.
DAY interns are part of the family, the sky is the limit, it all depends on how eager you are to learn and develop yourself.

You are able to work in a Mac environment and you can work with Sketch Up, Vectorworks, Adobe Creative Suite and Illustrator.

You will be guided by one of our creative professionals and will receive a monthly compensation.

We welcome interns from abroad, but don't provide housing and a working permit.

Who are we?

Today's customers have more choices than ever and their expectations are constantly increasing. A great product or service is no longer enough. Our clients are looking for authentic interactions, enriching experiences and lasting memories from their brand. We are a team of people who are both rational and imaginative, creating and grabbing all the chances out there; who find new ways to engage and delight our clients at every turn. Meet DAY creative business partners.

At DAY we strengthen business propositions and develop challenging ideas to help businesses grow. By combining strategy, branding, design and activation expertise, we create sustainable solutions that will inspire and guide behaviours and actions. Enabling true competitive advantages.

We would love to see your application and portfolio with examples of the progress of your design from concept to finished work in PDF format.
