## Job Opening Medior Interior Designer

### About DAY

DAY is an independent brand strategy and design agency. We define meaningful narratives, add value to the brand experience and connect people to your brand. By creating empathic and integrated design we make brands tangible, sensorial and spatial.

DAY services national and international companies and markets, focussing on real estate, sports/leisure and entertainment, consumer brands and retail. Our current client list includes for example: Stayokay, Thialf, Van Gogh Museum, KNVB Campus, Ziggo Dome.

### Job opening Medior Interior Designer

We are looking for a creative talent with an eye for detail, who is able to combine beauty and purpose. You are able to work independently and take the lead on large scale projects. You are able to understand strategic advice and turn it into physical concepts and apply to designs. As a medior 3D designer, you are a conceptual thinker and able to oversee complex projects. You also have affinity with Interior Branding, brand identity, signage and graphic design. Together with the team of DAY you will be working on several projects. You'll design experiences and spaces, such as offices, visitor centres, exhibition spaces, retail environments and hospitality areas of all shapes and sizes.

### Responsibilities

- Study the brief / requirements given by the client
- Understand the customer and their target groups, translating market and customer information into results-focused ideas and concepts.
- Draw concepts, produce sketches, storyboards, renders etc. and convert them into beautiful designs: responsible for the whole proces from start to finish (execution)

- Invent new and unexpected design solutions through a creative approach
- Create insights that go beyond what is stated in the briefing.
- Understand project approach, such as planning, budgeting, etc.
- Estimate and communicate work hours, completion time, need for resources and criteria for implementation
- Work within project budget and time frame
- Be able to prepare and give presentations to clients
- Ensure that projects meet the clients' expectations
- Work closely with the Brand Strategist and Projectmanagers
- Able to manage a project team and work together with other creatives
- Guide and oversee interior design interns
- Stay up-to-date with trends and developments in the market

### Requirements

- Degree or extensive experience in commercial Interior Design
- 4-6 years of relevant experience in Interior Design
- Mandatory skills: Vector works, Sketch up, Illustrator
- Knowledge of Identity, Digital and Brand Design
- Understanding the creative and production process
- Strong analytical skills and the ability to meet tight deadlines in a fast-paced environment
- Experience with and understanding of time-management is a plus
- Experience in giving presentations to clients
- Team player, but perfectly capable in working independently
- Communicative, open, curious, energetic and focussed
- Fluent in English, oral and written. Fluent in Dutch is a plus
- Based in The Netherlands

### Information

Start: 01-07-2017  
Position: Fulltime

We would love to see your application, motivation and cv in pdf format addressed to: [amsterdamrecruitment@day.nl](mailto:amsterdamrecruitment@day.nl)
